

Roller Blind System Silent Gliss 4905

The Colorama Blind

Roller Blind System Silent Gliss 4905

Small, trendy and colourful – the system Silent Gliss 4905 discreetly adapts to every room design.

Small is beautiful

The system features elegant brackets, a slim tube and a discreet bottom bar. It fits perfectly into smaller window frames without appearing obtrusive.

Add a splash of colour

A great system and great colours! All the hardware parts can be produced in 27 colours (plus silver). When combined with the Silent Gliss Colorama fabric, the blind will fit perfectly with any interior design scheme.

The Colour Range

The system Silent Gliss 4905 can be produced in the following Colorama colour range (plus silver/499).

Mix and Match with Colorama Fabrics

The Fabric is as important as the hardware when it comes to the quality of a roller blind. Only technically advanced and perfectly produced fabrics guarantee crease free roll on and off.

The system Silent Gliss 4905 can be completely coloured in 27 Colorama fabric colours (plus silver). This state of the art fabric is available in two transparencies and brings all the technical characteristics required whilst still appearing soft and decorative.

Functionality

Side guides

For sloped situations and roller blinds exposed to wind or heavy ventilation, the side guides avoid unwanted fabric movement.

Click-in brackets

The system can simply be clicked into the brackets for quick and easy installation.

Silent Gliss is the leading global supplier of motorised and manual curtain and blind systems in the high quality market. We offer our customers the very best in terms of quality, design, technology, service and individuality. Our core competence is innovation – inspired and driven by customer needs.
